

Large Business Program

Pallet Services, Inc.

Pallet Services, Inc.

Pallet Services, Inc. has been in business in the Western New York area for the past 25 years. They manufacture new and recycled pallets for food, grocery and industrial customers in New York State. High quality, on-time delivery and competitive pricing have made them the success they are today. They operate a 50,000 square foot facility in Tonawanda, New York that houses the manufacturing, storage and office facilities.

Energy Efficiency Solutions

Installed:

- production floor lighting
- office lighting upgrades

Savings Summary

In 2011, National Grid partnered with Pallet Services, Inc. to improve the lighting efficiency throughout the facility. After an on-site building assessment, National Grid provided incentives to help Pallet Services, Inc. purchase new high efficiency lighting for their facility.

Strategic Partners

Shanor Electric Supply
285 Hinman Ave.
Buffalo, New York 14216

The result:

Total Project cost	\$13,770
