New Era Cap Company

New Era Cap Company
New Era is an international lifestyle brand with an authentic sports heritage that dates back over 90 years. Best known for being the official on-field cap for Major League Baseball, New Era is the brand of choice not only for its headwear collection, but also for its accessories and apparel lines for men, women and youth. The brand is worn as a symbol of self-expression by athletes, artists and some of the most interesting people around the globe. New Era encourages people to “FLY YOUR OWN FLAG™”. The company is headquartered in Buffalo, N.Y. and operates facilities in Canada, Europe, Brazil, Japan and Hong Kong. For more information visit www.neweracap.com

Energy Efficiency Solutions
Installed:
- upgrades to existing inefficient compressor
- Energy Management System (EMS)

Savings Summary
New Era Cap Company partnered with National Grid under their Large Business Program to install a 60 HP VSD Compressor and an Energy Management System (EMS) to control heating units, roof top units, lighting control panels and building occupancy zones. The payback for the EMS was one year with an annual cost savings of $124,970. The payback for the compressor was two years with an annual savings of $23,491.

“Hats off to National Grid for their incentive program. The rebates significantly lowered the costs of the projects, which made it much easier to make the improvements. Our account representative took care of everything— making this a simple process. We have several more projects in the design phase and will definitely work with National Grid on these. It’s a win-win collaboration— being green and lowering our operating costs to remain competitive in the global economy.”

—Jim Hycner, Facilities Supervisor, New Era Cap Company
