Energy Efficiency Heating Rebates are available on a strictly limited basis until program funding has been depleted. Rebate offers are subject to change without notice and the program may be terminated due to funding constraints at any time.

Equipment order form on reverse. Customer acknowledges that Licensed Plumber is fully responsible to Customer for the installation and sizing of the heating equipment and that National Grid makes no warranties, guaranties or representations with regard to Licensed Plumber's installation. All offers are subject to terms and conditions and are subject to withdrawal by National Grid at any time. Offers for Long Island customers only who reside in National Grid territory where National Grid service is available. Rockaway Peninsula is part of the Long Island territory.

# Long Island Residential Heating Equipment Order Form

Offer effective:  
Aug 1 - Dec 31, 2012

**nationalgrid**

**This form is to be used for ordering Furnaces and Conversion Burners only.**  
**All Burnham boilers need to be ordered through the online system located at [www.conversionprogram.net](http://www.conversionprogram.net).**

## OWNER INFORMATION (Please review equipment ordering requirements in this brochure)

**FORM MUST BE COMPLETED  
ENTIRELY TO BE PROCESSED**  
**Offers for Long Island customers  
only fax to: 516.545.2333**

OWNER NAME		NATIONAL GRID ACCOUNT NUMBER (if applicable)	
OWNER ADDRESS	CITY	STATE	ZIP CODE
INSTALLATION ADDRESS	CITY	STATE	ZIP CODE
TELEPHONE	FAX	E-MAIL	
TOTAL CONVERSION COST: \$ _____ <input type="checkbox"/> NATIONAL GRID EMPLOYEE <input type="checkbox"/> RESIDENTIAL SINGLE FAMILY HOME <input type="checkbox"/> MULTI UNIT DWELLING			

Owner acknowledges that National Grid is providing heating equipment for owner to convert to natural gas heat. If the owner fails to have the equipment installed by a licensed plumber within 14 days of delivery, the owner and plumber shall be liable for the cost of the equipment. Equipment offer is available to homeowners who do not currently heat with gas where National Grid service is available. State and local taxes are applicable.

### PAYMENT METHOD

☐ Check enclosed

Please mail form  
and check to:  
**National Grid  
Sales Fulfillment**  
175 E. Old Country Rd.  
Hicksville, NY 11801

Please attach a bank check, certified check or money order, (no personal checks please). AMOUNT: \$ \_\_\_\_\_

\*Licensed Plumber accepts full responsibility for selected equipment specification and collection of upcharge from the customer to be paid to the distributor. Licensed Plumber will pay a re-stocking fee for any equipment that needs to be re-ordered/re-shipped due to incorrectly specified equipment. Licensed Plumber also accepts responsibility for the coordination of delivery of sold equipment with National Grid designated distributor. Licensed Plumber acknowledges that the selected equipment is being provided by National Grid to the customer listed on this form. Licensed Plumber also agrees to support the manufacturer's warranty for specified equipment for a period of one year from the date of installation. By signing this document, Licensed Plumber agrees to comply with National Grid equipment ordering guidelines.

## EXISTING GAS SERVICE INFORMATION

DOES THE EXISTING GAS SERVICE REQUIRE A METER RELOCATION? ☐ YES DOES THE EXISTING GAS SERVICE NEED TO BE UPGRADED? ☐ YES  
IS AN ADDITIONAL METER REQUIRED? ☐ YES **If yes, please supply gas billing information below:**

\***Conversion Customers** – Starting January 1, 2012, conversion customers installing qualifying heating equipment, indirect water heaters, thermostats, boiler reset controls and duct sealing/insulation are REQUIRED to apply for rebate reservation number and complete a separate rebate application. **Customer rebate applications with required documents MUST be postmarked within 60 days of rebate reservation request.** Energy Efficiency "Instant Rebates" will **no longer** be offered under National Grid Discounted Heating Equipment program. National Grid Energy Efficiency Heating programs have limited funding and may be terminated at any time or when funds have been depleted. National Grid Energy Efficiency Rebate applications are located on [www.powerofaction.com/efficiency](http://www.powerofaction.com/efficiency).

Customers must now first reserve a rebate (online at [www.powerofaction.com/efficiency](http://www.powerofaction.com/efficiency)) when ordering High Efficiency equipment. And within 60 days of reservation, the enclosed Rebate Form must be submitted with all required documents. See rebate form for details.
