

Rhode Island

Energy-efficient pool pumps

Mail-In Rebate of up to \$300 for
Energy-Efficient Pool Pumps
www.nationalgridus.com/ri-poolpump

Follow these steps to participate

To receive your National Grid Visa® prepaid card as quickly as possible, submit your rebate online. Go to www.smartenergy-zone.com/nationalgridri to complete the online form.

Or, to apply for your rebate by mail, follow these simple steps:

1. Purchase a two-speed or variable-speed pool pump from the models listed on www.nationalgridus.com/ri-poolpump and install it at a Rhode Island residential property with an active meter using National Grid electric service. You can also call **1-877-886-2539** to determine qualifying models.
2. Compile the following supporting documentation:
 - A copy of the first page of your most recent electric bill
 - A copy of your receipt reflecting the qualifying manufacturer and model of the pool pump and the controller, contractor's information, purchase date, purchase price and install date.
3. Complete this rebate form accurately and legibly. Mail your completed application and supporting documentation by January 31, 2014.
4. Mail to:

Pool Pump Rebate (RI)
Offer# H645480
PO Box 130013
El Paso, TX 88513-0013
5. Your rebate will be issued as a Visa prepaid card. From the time the application is processed and approved, please allow 6–8 weeks for payment. Payment processing will take longer if information or documentation are missing from the application.
 To check on the status of your rebate after submission, please visit www.smartenergy-zone.com/nationalgridri.

Program Details

Apply for a mail-in rebate from National Grid when you buy an eligible energy efficient pool pump between January 1, 2013 and December 31, 2013. You could save up to 70% a year on your pool-related energy costs!

Save energy and maintain a comfortable swimming pool temperature by using a smaller, higher efficiency pump. Take advantage of our rebates to help off-set the cost of high-efficiency equipment.

There are two different types of energy efficient pool pumps:

Two-speed pumps use induction motors. They are pre-set at two speeds. Using a two-speed pump, a typical pool owner can save up to 30% off of pump operation costs, translating to a savings of up to \$370 per year. The additional cost of a two-speed pump can pay for itself in energy savings in about six months. Over a period of less than two years, energy savings may pay for the pump in its entirety.

Variable-speed pumps use permanent magnet motors (like those used in hybrid cars). Digitally-controlled, variable-speed pumps can be programmed at up to 3,050 different speeds (or flow rates). Remember, to minimize pump energy costs, operate your pool pump at the lowest speed needed to accomplish a job. Variable-speed pumps enable you to save up to 70% a year on your pool-related energy costs! They are also much quieter than single-speed or two-speed pumps.

2013 Residential Energy Efficient Pool Pump Rebates — Rhode Island

PRODUCT	REBATE AMOUNT
Two-speed pool pump	\$250
Variable-speed pool pump	\$300

Customer Information

To apply for a rebate, you must purchase and install an eligible pool pump and qualifying controller, if applicable, between January 1, 2013 and December 31, 2013.

Acceptance of Terms

Work Completion and Rebate Validation.

This rebate offer is available to all Rhode Island residential electric customers of National Grid and may be subject to change without prior notice. Valid for purchases made from January 1, 2013 to December 31, 2013. Rebate requests must be postmarked by January 31, 2014. Savings and energy efficiency experiences may vary. National Grid reserves the right to withdraw this offer without notice. Limit two pool pump rebate per Rhode Island residential electric account per calendar year. Eligible pool pump must be installed in Rhode Island. Call 1-877-886-2539 or visit www.nationalgridus.com/ri-poolpump for a complete list of qualifying pool pumps. Installations must include a qualifying controller as applicable. Customer may either use an existing qualifying controller or purchase and install a separate qualifying controller unit if the new pool pump does not have a built-in qualifying controller. National Grid does not guarantee the product's performance, nor does it provide any other warranties, either expressed or implied. If a product you have purchased is defective, contact the retailer or manufacturer. National Grid has no liability whatsoever concerning (1) the quality, safety, and/or installation of the pool pump, including its fitness for any purpose; (2) the estimated energy savings of the pump; or (3) the workmanship of the installation contractor. National Grid makes no representation regarding manufacturers, dealers, contractors, or materials. National Grid reserves the right to conduct field inspections to verify installations. This rebate may not be combined with any other utility or energy efficiency service provider offer. This offer is void where prohibited, taxed, or otherwise restricted. Customers are responsible for any and all applicable sales tax. National Grid will not be responsible for any tax liability that may be imposed on the customer or contractor as a result of the payment of rebates. Customer agrees that the Energy Efficiency Program Provider (EEPP) has the unilateral right to apply for any ISO-NE capacity payments or environmental credits resulting from this energy efficiency project, and agrees not to file for such payments or credits either directly or indirectly. Contractors agree to provide the EEPP with such further documentation as the EEPP may request to confirm the EEPP's ownership of such benefits. These programs are funded by the energy efficiency charge on all customers' gas and electric bills, in accordance with Rhode Island law.

Rebate paid in the form of a National Grid Visa Prepaid Card. National Grid Visa Prepaid Cards are issued by Citibank, N.A. pursuant to a license from Visa U.S.A. Inc. and managed by Citi Prepaid Services. Cards will not have cash access, can be used everywhere Visa debits cards are accepted and expire six (6) months from the card issuance date. Please allow 6-8 weeks for application processing.

For more information on your rebate status, call 1-877-711-3013 or visit www.smartenergy-zone.com/nationalgridri.
