

Rhode Island

Residential heat pump water heater rebates

Save money, improve comfort and ensure a cleaner environment with this energy saving offer for residential electric heating customers.

■ **\$750 rebate for qualified heat pump
water heaters**

These programs are funded by the energy efficiency charge on all customers' utility bills, in accordance with Rhode Island law.

National Grid offers a mail in rebate of \$750 for the installation of energy efficient Heat Pump Water Heaters when you are replacing an existing electric water heater, or installing a 50 gallon or larger water heater for the first time (new construction). A Heat Pump Water Heater is an electric storage tank replacement, and rebates are not available for replacement of oil, propane, or gas water heating units. A licensed plumber must install the unit in order for you to qualify for the rebate, and only certain equipment models are eligible. There are also restrictions about where the unit can be installed to ensure that it operates at its maximum efficiency. To see a list of eligible equipment models and frequently asked questions, please visit www.nationalgridus.com/HPWHRI.

2015 Residential Energy Efficient Heat Pump Water Heater Rebates – Rhode Island

Equipment	Rebate
Heat Pump Water Heater ≥ 50 gallons* – Energy Factor of 2.3 or more, first hour rating of 55 gallons or more, 10 year warranty	\$750

*Heat Pump Water Heater models 55 gallons or greater may be ineligible for rebates if installed after June 30th 2015. Visit www.nationalgridus.com/hpwhri or call 1-800-473-1105 for more information.

TO APPLY:

1. Verify that the equipment you will be purchasing qualifies for a rebate by consulting with a licensed plumber. Eligible equipment is also listed at www.nationalgridus.com/HPWHRI.
2. Purchase the qualified equipment and have a licensed plumber install it. The equipment must be installed at a property with an active National Grid residential electric account.
3. Obtain an invoice from your contractor/plumber. The invoice must contain the following information: equipment make and model numbers, size (in gallons), date and location of installation, total installation cost, contractor's name and address, and indicates "paid in full" or "zero balance."
4. Save time, and apply online! Visit www.smartenergy-zone.com/nationalgridri or mail the following items:
 - This application, completed accurately and legibly
 - Dated receipt with complete model information
 - A dated invoice from your contractor providing the information listed in step #3
 - Copy of current residential electric bill

Mail to the above listed items to:

Heat Pump Water Heater Rebate (RI)
Offer# H046573
P.O. Box 540064
El Paso, TX 88554-0064

Rebate form and required documentation must be postmarked or submitted online within 60 days of equipment installation date, or by January 31, 2016, whichever comes first.

IMPORTANT! Photocopy your entire submission for your records. You could be required to mail these photocopies.

Offer valid on equipment purchased and installed between January 1, 2015-December 31, 2015 (subject to funding availability.)

All submissions must be postmarked or submitted online by January 31, 2016. Please allow 6-8 weeks for processing. To review the status of your application, please contact us at 1-877-711-3013 or visit www.smartenergy-zone.com/nationalgridri/RebateStatus.aspx.

TERMS & CONDITIONS

Heat Pump Water Heater must be installed by a RI licensed contractor and/or plumber and installed within National Grid's electric service area, be UL listed, installed in accordance with the National Electric Code and manufacturer's specifications, and must conform to all applicable municipal, state and federal codes, standards and regulations, as well as program requirements. Must be ENERGY STAR qualified with an Energy Factor (EF)* of 2.3 or greater and have a minimum 10 year manufacturer's warranty. Applicable only when replacing an existing electric storage tank water heater or in new construction. Rebate amount not to exceed the cost of equipment (excluding sales tax and all installation costs). Eligible heat pump water heaters can be found on www.nationalgridus.com/HPWHRI. Program is subject to change without prior notice, including rebate levels. *Energy Factor (EF) is the ratio of useful energy output from a water heater to the total amount of energy delivered to the water heater. The higher the EF is, the more efficient the water heater.

Incentives available to eligible National Grid residential electric customers only. One electric account number per form. Some restrictions may apply. Incentive offers are subject to change without notice. Please review terms and conditions. Form must be completed in its entirety.

Please submit online at www.smartenergy-zone.com/nationalgridri or mail completed form with all required documents to:

WORK COMPLETION AND REBATE VALIDATION

I certify that all information above is correct to the best of my knowledge and that I adhere to all terms and conditions of this rebate. This rebate is for the benefit of Rhode Island residential electric customers of National Grid. This rebate may not be combined with any other utility or energy efficiency service provider offer and may be subject to change without notice. The participating utility reserves the right to conduct field inspections to verify installations; this right to access extends up to one year after date of application, even if rebates or incentives have been paid. Limitation of liability: Participating utility does not guarantee the performance of installed equipment expressly or implicitly. Customer agrees that the Energy Efficiency Program Provider (EPPP) has the unilateral right to apply for any ISO-NE capacity payments or environmental credits resulting from this energy efficiency project, and agrees not to file for such payments or credits either directly or indirectly. Contractors agree to provide the EPPP with such further documentation as the EPPP may request to confirm the EPPP's ownership of such benefits. Participating utility or energy efficiency service provider has no liability whatsoever concerning (1) the quality, safety, and/or installation of the water heater, including its fitness for any purpose; (2) the estimated energy savings of the water heater; or (3) the workmanship of the installation contractor. Participating utility makes no representation regarding manufacturers, dealers, contractors, or materials. Sponsor will not be responsible for any tax liability that may be imposed on the customer or contractor as a result of the payment of rebates.
